

Explanation, and cost of Hazmat fees

Our Shipping Company company charges us a flat Hazmat fee per box. If you have a product in your cart that has a Hazmat fee, this fee will then be added to the shipping cost. All of the items that have a Hazmat fee are shown in the description of the product. The Hazmat, (Dangerous Goods), fee now is \$27.00 for ground shipments, for air shipments the fee is \$37.00. All United States shipments to Puerto Rico, Hawaii, and Alaska can only be shipped by air.
